'Go Green Go Can'

Infinite Cycle

About the Company

Hindustan Tin Works was established in the year 1958 having completed 50 years of our existence. The present management which is the Bhatia family took over this company in 1977 and the growth of HTW from being a small scale unit, since then has been the land mark in the packaging industry.

Foreseen the growth in metal packaging the company invested heavily into modernization of equipments / automation to offer the best quality in the market by importing sophisticated machineries from UK, Switzerland, Germany, USA, Taiwan, Italy and Japan.

HTW in the year 1996, to raise capital for expansion went public and listed itself in the stock exchange.

Joint Venture with Rexam PLC

In the year 2004 HTW had taken a big leap to set up the first 2 piece beverage can manufacturing facility in India to cater to the growing demand of carbonated soft drinks and beverages in the country which eventually was converted to a joint venture company alongwith Rexam PLC of UK to form not only the first 2 piece beverage can manufacturing company in October, 2006 but also the first joint venture in the metal packaging segment, in India.

CAN process...

Can Makers to Brand Leaders _____

With our unmatched expertise and technology HTW is proud to partner with all the leading FMCG companies in the country. Our Prestige: Nestle India Ltd., Reckitt Benckiser India Ltd., Wockhardt Life Sciences Ltd., Abbott India, Asian Paints, Tata Coffee, Heinz (India) Pvt. Ltd., Britannia Industries, ITC, Keventer Agro, Parle Agro, Dabur etc.

Consistently for last five decades, we have been meeting the packaging requirements for a host of products, many of them are now brand leaders. Products as diverse as mango pulp, rasgulla, fish, fruits, sweetend condensed milk, milk powder, nutrition powder, coffee, cheese, RTE, RTD products, paints, pesticides etc.

In a competitive market, packaging plays an important role. It's the quality of the packaging that keeps a product fresh, attractive and untampered, increasing the shelf life of it's Can.

Global Reach

With the zeal to meet global standards HTWL is proud to be the leading exporter of printed sheets and components to more than 20 countries catering to different types of product application such as: baby powder, coffee, edible oil, shoe polish, paints, snack foods, salted nuts, instant drinks etc.

Quality Assurance

Quality Policy

To achieve and sustain leadership, we at Hindustan Tin Works Ltd., shall strive to create a company committed to quality by continual improvement, cost effectiveness, team work, compliance to applicable requirements and involvement of employees at all levels and satisfy our customers in terms of quality, cost, delivery and services, the first time and every time.

Hindustan Tin Works' fully integrated and automated manufacturing facility is supported by high-speed automatic printing and lacquering machines for multi-colour and half tone jobs. An efficient tool room and photolitho department complements these technological strengths.

Quality control is an integral part of the production process. Strict quality control measures at every step beginning from, incoming raw materials to final product ensure highest standards.

Customer Technical Support _____

With the vision to deliver quality and services the first time and every time HTW not only focuses on the manufacturing but also emphasizes on after sale service like :

Regular training programmes are conducted to create awareness at the operator's level to educate and extend training on seaming, beading and reforming machines at the customer end.

We also guide our customers on upkeep of seaming machines and also supply seaming chuck, rolls etc. at regular intervals.
